

Caring - Sharing - Helping

Dear Federal/Postal Service Employee:

The Combined Federal Campaign (CFC) is a most effective way to make your caring count every day. Through the CFC, we are changing lives in our community, our Nation, and throughout the world. The CFC is "Caring - Sharing - Helping", not just in the fall while we raise funds but year round, by making a positive difference in people's lives.

Last year, Brevard County Federal and Postal employees contributed over \$595,000 to the CFC. This campaign allows us to fulfill our mission of serving others. In today's environment of uncertainties, taking care of each other and our community is even more important and challenging.

You can accomplish so much with your CFC gift. Forty dollars a month will provide a village with a well that will supply safe water; \$25 dollars a month will enable a child needing an adult role model to be matched with a Big Brother or Big Sister; \$20 a month will buy a lightweight wheelchair for a person who is disabled; \$16 a month will support 24 hours of respite care to a family member of an Alzheimer's patient. Just \$12 a month will provide 5 hours of comprehensive case management assistance to a family facing homelessness, or just \$10 a month will provide 60 days transportation for kidney dialysis treatment. For \$5 a month, you can help the world find a cure for deadly viruses. You have your choice of how to help. There are so many ways you can care, share, and help!

Payroll deduction is an easy way to help. You decide exactly how your contribution will aid those who need your help. Remember, your CFC contribution is tax deductible; but more importantly, remember those whom you are helping. Your contribution helps the elderly, the children, the poor, the handicapped, the hungry, the homeless, the sick, and many others who are in need right here in our community.

We invite each Federal and Postal service employee to join us in endorsing this year's CFC. Please contribute your effort and time to this campaign to fulfill our mission of service to our community, Nation, world, and to ourselves. Please promote the ideals of community spirit by helping each other, helping the community, and caring for our country and our future.

Together, through our commitment to caring for our community, our Nation, and our world, we are assured that through the CFC we are Caring - Sharing - Helping all year.

Cordially,
